CLINTON, Ind., Dec. 31.—(AP)—Carried through a raging mine fire by slender telephone wires came a faint message early tonight that more than a score of miners trapped 200 feet below the ground in Crown Hill mine No. 6 near here were safe.

"The air is good," the message said. "We are safe."

CLINTON, Ind., Dec. 31.—(AP)—Gerald Reed, a mine owner, said tonight 20 of 21 miners had been trapped by a fire which broke out in the Crown Hill No. 6 coal mine near here today.

Reed said mine rescue squads had been called in from other southern Indiana to battle the blaze and attempt rescue of the men, before midnight—the deadline set by fellow workers of the entombed men, were to be taken out alive.

The Crown Hill mine at Centenary, four miles west of Clinton in Vigo county, Ind., is owned by the Clinton Coal company, operators of a half dozen mines in the area.

Reed said he had been sent for additional rescue and wood to divert air currents in the mine for rescue attempts. He said he had been told the fire started because of a short circuit in the wiring on a pump and that the resulting smoke had fired

Startling Facts Given On Nazi Power In Air

Germany's And Italy's Planes Said To Be More Than Match For World

By Edward E. Bomar

WASHINGTON, Dec. 31.—(AP)—Authorities reported today that President Roosevelt's forthcoming recommendations for an expanded air force would be bolstered by new and "startling" figures concerning German and Italian aerial might.

At the same time, Representative Bruce Barton, Republican, New York, issued a public statement predicting that congress would not allow the country to be "stampeded" on the national defense question.

"How much of this program really is for national defense and how much of it is for political defense?" he demanded. In other words, how much is designed to divert public attention from the results of the November elections?"

Still another development was an assertion by Representative McCormack, Democrat, Massachusetts, that he would ask congress at its coming session to authorize construction of 10,000 planes and the training of an air force of 100,000 regulars and reserves.

Well informed persons said Mr. Roosevelt had heard from some of his advisers that the totalitarian powers were enabled to dictate the Munich settlement of Europe's September crisis by no less than a six-to-one

SOUTHEASTERN'S GAIN IN TRADE ABOVE AVERAGE

Actual Production Increase Shown Each Succeeding Year Since 1934

FULL-FASHIONED HOSIERY OUTPUT GOES UP RAPIDLY

Better Than Seasonal Movements Shown In Retail And Wholesale Activity

ATLANTA, Dec. 31.—(AP)—A cheerful picture of further business improvement in six southeastern states was presented today by the federal reserve bank of Atlanta in its final monthly review of the year.

Advances of more than seasonal proportions and at a faster rate than for the country as a whole were recorded in several lines of activity. These were offset somewhat by declines in other fields but, according to the bank, the gains "appear to outweigh the unfavorable comparisons."

The survey for the district, which embraces Alabama, Florida, Georgia, Louisiana, Mississippi and Tennessee, also called attention to "an exceedingly rapid growth in the southern output of full-fashioned hosiery."

"Not only has actual production increased in each succeeding year since 1934," it said, "but the proportion of the country's total produced in the south has risen from 22.1 per cent in 1934 to 34.9 per cent for the first 10 months of 1938."

In its summary of business conditions for November, the report said: "Better than seasonal movements were recorded in both retail and wholesale trade, in textile operations and production of pig iron in Alabama. Employment and payrolls in October, the latest period for which figures are available, extended the increase begun in midsummer.

"On the other hand, there was a decline in the value of construction contracts awarded in November, and the rate of electric power production, after reaching a new high level in September, declined one-half of one per cent in October.

"In comparing the sixth district with national averages, November retail trade in the district was 4.2 per cent higher than in November, 1937, while in the United States it was smaller

THREE INJURED AS AUTOS CRASH

Mrs. R. W. Alleman, Mrs. A. D. Henderson And R. E. Butler Victims

Three persons were injured, none seriously, in a head-on automobile collision that occurred in the 2200 block of South Grand street last night at 8 o'clock.

The injured were Mrs. R. W. Alleman, 410 Lindsay avenue, West Monroe; Mrs. A. D. Henderson, 204 Mulberry street, Monroe, and R. E. Butler, 20, of Brownville.

Mrs. Alleman and Mrs. Henderson suffered lacerations about the head and face. They also suffered shock. Butler received lacerations about the head and face.

The accident occurred in front of the home of Ray Haynes, 2203 South Grand, when automobiles reported driven by Mrs. Henderson and Leonard Pankey, 22, of Brownville, collided. Mrs. Henderson was driving south on South Grand and Pankey, a nephew of Dr. J. H. Pankey, was driving north on the same street, according to Police Officers E. N. LeVasseur and H. E. Coates, who investigated the accident.

The machine driven by Mrs. Henderson was reported owned by T. J. Hunt, Jr., who is employed by Mrs. Henderson's husband with the United States engineers here. Mrs. Henderson and Mrs. Alleman were riding alone in the Hunt machine.

In the automobile with Pankey and Butler was Miss Eudia Mae Kosorok, 2804 Lee avenue. Miss Kosorok complained of a bruised jaw, but did not require hospital attention. Butler was treated at Riverside sanitarium. Mrs. Alleman and Mrs. Henderson were patients at St. Francis sanitarium.

Announce Strategic Lerida-Seo De Urgel Highway Cut In Two Places

HENDAYE, France (At the Spanish Frontier), Dec. 31.—(AP)—Spanish insurgents announced two fresh successes today in the ninth day of their drive against Barcelona, the government capital.

The insurgents, estimated at more than 100,000 troops, reported they had cut in two places the strategic Lerida-Seo de Urgel highway leading to the French border after heavy fighting northeast of the Balaguer bridgehead.

Insurgent Generalissimo Francisco Franco's headquarters at Irun also announced the occupation of the village of Cubells, seven miles southwest of Artesa and on a main highway leading into that so-called "gateway to Catalonia."

The immediate objective of the campaign appeared to be to cut off

Refuses Pointblank To Recognize Japan's Special Privilege Efforts

WASHINGTON, Dec. 31.—(AP)—Pointblank refusal to recognize Japan's effort to establish special privileges for herself in war-devastated China brought to a close today one of the most hectic years in the history of United States foreign affairs.

Standing firmly upon the 40-year-old principle of the "open door" in China, this government took the lead in opposing Japanese plans to include China in a so-called "new order" program in east Asia, through single-handed treaty abrogation.

In its forthright rejection of the Japanese contention that ideas and principles of the past no longer were applicable to China, the state department served notice that it "reserves all rights of the United States as they exist and does not give assent to any impairment of any of those rights" in China.

This reservation of rights is possibly a preliminary to future action, the na-

'FLIGHT-FOR-LOVE' PILOT CONVICTED

MOSCOW, Dec. 31.—(AP)—An English engineer, on trial for his dramatic unauthorized "flight for love" into Russia, today appealed to Moscow City court today to let him become a Soviet citizen in order to remain here and live with his Russian-born wife.

The court fined Jim 1,500 rubles ($300), confiscated his airplane and ordered him expelled from the Soviet union for five years.

The Englishman, Bryan Grover, 37, on November 13 flew into Russia from Stockholm in a second-hand airplane without permission and without a visa when he heard his wife was in extreme need. He had tried unsuccessfully to get permission for her to leave Russia.

He landed at Staritza, 100 miles short of Moscow, his goal, and was arrested.

(Moscow dispatches have failed to mention what has become of Grover's wife.)

Revelry Overrides Drums Of War As New Year Welcomed

(By Associated Press)

Cork-popping revelry overrode the drums of war and tragedy in many lands today (Sunday) as 1938 faded into history and the world gaily toasted the new-born 1939—

"A happy New Year!"

Better times . . . more money . . . booming industry . . . even signs of peace preserved and the suffering of persecuted millions in Europe eased if not ended.

These were some of the brighter augurs, shining against storm clouds of verbal and actual combat.

The bloody strife in China and in Spain went ahead relentlessly.

Insurgent Generalissimo Francisco Franco renewed his "end the war" smash at the center of the Spanish government lines, striking forward along the Catalonian front toward Barcelona in the wake of Friday's unsuccessful government counterattack.

In the far east, Japanese war planes reaped a heavy toll with intense bombing onslaughts on Kwangsi, Kwangtung and Huan provinces.

In Germany, the controlled press fulminated against the United States, assailed President Roosevelt's "regime" and gave the German people their first knowledge of the 10-day-old "Ickes incident."

In London, Germany's surprise plan for a bigger navy—more than doubling her submarine strength, plus two new 10,000-ton cruisers—was viewed as intensifying Europe's gigantic rearmament race.

In Marseille, already tense relations between France and Italy were sharpened by the departure of 1,000 French colonial troops with full war equipment for east Africa—target of Italian threats in recent weeks.

In Rome, apparently anticipating Prime Minister Neville Chamberlain's visit to Il Duce on January 11, the fascist press suddenly dropped its bitter anti-French campaign—thus indicating a desire to win British sympathy for Italy's "natural aspirations."

At home, President and Mrs. Roosevelt celebrated the New Year quietly at the White House, entertaining a few friends.

13 HOODLUMS SLAIN IN GANGSTER PURGE

CHICAGO, Dec. 31.—(AP)—The past year marked the greatest pistol-purge Chicago's underworld has conducted in its ranks since the end of prohibition.

Thirteen men, all with police records, were slain in typical gang-style street executions. None of the killings, nine of which occurred within three months, has been solved.

Joseph "Red" Bolton, erstwhile beer baron and gambler, was the most notorious of the hoodlums slain. He was cut down Thanksgiving eve, "by faithless friends," police theorized.

Two former aides of Al Capone were among the other victims. Walter (Whitey) Leonard, was shot to death in his automobile. Police blamed gang vengeance over blackmailing. Bert (Swallowtail) Delaney, one-time superintendent of Capone's bootleg breweries, was killed in the presence of a woman companion.

Three minor hoodlums were slain in June and six in August.

John Minogue, characterized by police as "one of the toughest hoodlums in Chicago," was killed three days before Christmas.

15,000 SAVED WHEN MANILA DAM BURSTS

MANILA, Dec. 31.—(AP)—Warned by skyrockets and pistol shots, residents of the town of Calinog apparently all escaped death with a natural dam burst, hurling the waters of a huge lake upon the community of 15,000.

It was at first feared a heavy loss of life would be recorded after the deluge, which swept through Calinog, on Panay island.

But the catastrophe had been anticipated, and watchers gave the alarm in ample time for the people to reach high ground.

Houses, trees and animals were hurled along by the rushing waters. The dam was formed during a recent typhoon and flood which caused land to slide into the river, creating a lake.

CENTENARY, DODD MERGER REJECTED

SHREVEPORT, La., Dec. 31.—(AP)—A proposal for the merger of Centenary and Dodd colleges, both of Shreveport, was rejected here today by the M. E. Dodd Foundation, Inc., the Baptist church-sponsored body which holds title to Dodd college, a girls' junior college.

The action culminated three months of negotiations between officials of the schools. A Shreveport man whose name was withheld several months ago made Centenary an offer of an outright gift of $50,000 if the merger were effected by January 1, 1939. Today's action automatically nullified this offer.

A resolution passed by the Dodd foundation said that the proposal was rejected chiefly for two reasons: 1. That the merger proposal was contingent upon vesting title to all Dodd college property in Centenary: 2. That the plan did not guarantee continuation of the Dodd Junior college courses.

Centenary is controlled by a board under the direction of the Louisiana Methodist conference.

Nunn-Bush Shoe Company Will Permit Workers To Select Two

MILWAUKEE, Dec. 31.—(AP)—The Nunn-Bush Shoe company, which guarantees production workers 52 weekly pay checks a year, today announced employes would be given the opportunity of electing two from their ranks to the board of directors.

President Henry L. Nunn said he believed the company was pioneering again in taking this step in its labor relations program. He declared the 52 pay checks plan was a success, pointing out that for three and a half years in good times and bad—his workers had received wages each week.

The 1,500 employes eligible to vote will choose one director from the production force and one from the retail division. The board then will have seven members.

"It is our belief that the most successful industries of the future will give an increasing share of the profits to the executives of all the human elements in business—to that part that supplies the necessary labor as well as that part that supplies the necessary capital. Management is a partnership of stockholders, the business that businesses in the past has suffered through a neglect of this very thing.

And did you speak to him again?
How strange it seems, and new!

The spirit of these words of Browning in the Memorabilia is actuating residents of Rottingdean—beautiful word—near Brighton, who are protesting the idea of turning over for speculative building purposes the area where Rudyard Kipling long had his home. They vividly remember the great chronicler and singer of empire, the expositor to the British people of their might overseas, particularly in India, where he was born. He was a familiar figure on their streets and in the market place, though perhaps few could claim him as an intimate. Their urging that a fund be raised in order that the Brighton corporation preserve the Kipling residence as a literary and patriotic shrine is a laudable desire. Maybe their justification will be complete if time emphasizes anew his fervid warning against "the bear that walks like a man."

For some years Kipling was with, if not of, us here in America. In Brattleboro, Vt., in the days when Cleveland sat for a second time in the White House, he thought and wrought. Twenty volumes flowed from his facile pen.

Mowgli was born in Brattleboro.

MACHINE SET

That much-maligned machine age we live in would seem to have some compensations after all.

It isn't all robots and treadmills and men's-souls-crushed-by-the-great-god-machine stuff. Take the case of Charles Cope of Elizabethtown, Pa.

Mr. Cope suffered a compound fracture of the arm while cranking his auto. On the way to a Harrisburg hospital, his car stopped suddenly, threw him forward. The sudden jerk set one of the fractures. The doctors set the other.

Mark up a credit for the machine age.

Some kinds of plant pollen live only a few days, while others will live for several years.

EXTREMELY [illegible] putting together [illegible] spans of the Sydney harbor bridge in 1931.

Work was started from both sides of the New South Wales harbor at the same time. Gradually the cantilever arms approached each other until finally they almost touched. The next task was to link the two arms. But doing it was something else again.

For the two portions had to meet without the slightest variation and be locked by two huge steel pins. But to lock these arches together the temperature had to be exactly suitable. There was little to do but wait for it. One time the sun would affect the top chord of the arch but not the bottom and so on.

Meantime each side of the arch was held by great cables and these had to be relaxed gradually in order to bring the arches together. Ten days alone were occupied in this work, maneuvering for the right moment. At one time when the two ends were in almost exact position a change of temperature caused a variation of five inches in a few hours.

The connecting pins were at length driven home one night at the end of several hours' intent waiting. The next morning Sydney harbor saw its great span flying the Union Jack and the Australian ensign. The two giant creeper cranes were stopped exactly in the middle.

The Sydney harbor bridge is shown here on a stamp one of three commemorating its opening March 19, 1932.

BEHIND THE SCENES IN WASHINGTON

What the business year 1939 will be like, no man of course can tell. But John T. Flynn, noted writer on economic topics, has assembled a impressive list of indications. A series of three articles reviewing the past business year and looking ahead to the next. His first article follows.

By John T. Flynn

THE NEW YEAR IS OURS

THE old year, with its mistakes and sorrows, has been charged off the books. The new year, with its opportunities to convert hopes into actualities, has just been entered.

The new year is ours. It is ours to utilize or to waste. Its opportunities are ours to exploit or to squander. Therefore let us get busy at the outset to make 1939 a banner year in the annals of Monroe, West Monroe and Ouachita Parish.

Straight thinking, more than anything else, will result in that attainment. Let us strive to be constructively thoughtful rather than ignorantly critical.

Let us devote a portion of our energies toward the common welfare of Monroe, West Monroe and Ouachita Parish. Let us think less of ourselves and more of our cities and parish as a whole—weld our personalities with those of our neighbors in a steady cooperative effort for the advancement of Monroe, West Monroe and Ouachita Parish.

We are aware, of course, that Monroe, West Monroe and Ouachita Parish are fine places as they stand. But we all know that there is always room for improvement. Perfection, it is true, is more of a philosophical concept than an actuality and will never be attained; but there is a great deal of individual and collective satisfaction to be had in working toward that goal.

It is definitely within our power to lift Monroe, West Monroe and Ouachita Parish at least one notch higher during this year. We can do so by assuming the obligations that go with the privileges of citizenship in the two communities and the parish.

Democracy, which, in recent days, has become increasingly precious to us Americans, is based on an assumption of mutual indebtedness. The community is obligated in certain regards to the individuals composing it and the individuals owe certain things to the community.

Communities and sections don't prosper spontaneously. They succeed through the joint efforts of their progressive citizens. Consequently, it behooves us to determine here and now, on the first day of 1939, to GO and GROW with Monroe, West Monroe and Ouachita Parish.

No matter how limited our capacities may be, there is always some way in which we can serve our communities. The opportunities for both individual and cooperative service are too numerous to mention.

Community service of some sort or other not only improves the places in which we live, but increases our pleasure and broadens our horizon. It identifies us, not only with our cities or section, but with our fellowman.

One elementary way in which we may serve Monroe, West Monroe and Ouachita Parish is to appreciate and praise that which is good in them and to endeavor constantly to remedy their defects. We should not be content with criticizing that which is wrong with them. We should, rather, work toward eradicating that condition.

With a firm determination to preserve the best there is in Monroe, West Monroe and Ouachita Parish, we should resolve today to make them still better—to make some concrete contribution toward their growth and prosperity.

Let us try in every way to make 1939 the happiest year Monroe, West Monroe and Ouachita Parish have ever known.

Miss Edith Slocum Weds Captain Turner

Charming Ceremony Held On December 24 At Home Of Bride's Sister, Mrs. Jack Masur

A wedding of charming simplicity but of sincere and affectionate interest to friends was that of Miss Edith Slocum, daughter of Mrs. D. T. Slocum of Lake Charles, and Captain Frank Thorpe Turner of the United States cavalry, at the home of the bride's sister, Mrs. Jack Masur, of this city, on December 24.

Flowers banked the reception suite for the ceremony, performed by Rev. W. C. Scott, pastor of the First Methodist church.

The bride wore a stunning Jablow model of grey perosa with fuchsia colored accessories and a shoulder corsage of orchids. Captain Turner wore his full dress uniform of blue, resplendant in gold braid, and when he departed with his bride on their honeymoon he wore the full length cape, a part of the cavalry full dress uniform.

Following the ceremony an informal reception was held. The bride was privileged to cut the beautifully embossed wedding cake gracing one end of the table, covered with handsome filet lace.

Silver trays held delicious hors d'oeuvres and canapes and trays of champagne were passed among the guests, who drank to the health of the bride and bridegroom.

Captain and Mrs. Turner are spending their honeymoon in Kansas City and will leave later for the United States army post, Fort Meade, S. D., where Captain Turner will be stationed for the time being.

The bride is a graduate of Tri-State hospital in Shreveport and the Charity hospital school of anesthesia. For the past two years she has been associated with Gorgas Memorial hospital in the Canal Zone, Panama, in the capacity of anaesthetist.

Captain Turner has been connected with the United States army ever since graduation from West Point Military academy. He is the son of Mrs. F. R. Turner of Los Angeles, Calif., and the late Dr. F. R. Turner.

HOUSTON TOURNEY WON BY M'SPADEN

HOUSTON Tex. Dec. 31 — The 1938 golf season ended here today as Horton Spaden, scoring the best round of the Houston Open tourney, won last week's play in the Miami Open.

The Baton Rouge completed the 54-hole event at 213, coming in one stroke ahead of Dick Metz, who was a new record for the course last Thursday with a 64, seven under par.

Sam Snead, two money winner of all time and the P. G. A. tournament winner of the year, finished in a seven-player tie with 221.

Metz booted a chance for the Spaden's crown on the last green when a six-foot putt on the 36th green flopped crazily as the ball approached the cup and rolled away.

Ben Hogan of Fort Worth finished third with 214.

Jimmy Demaret, Houston pro slammed out a total of 217 to cop fourth and E. J. Harrison of Chicago and Byron Nelson of Reading, Pa. tied for fifth place with total scores of 219.

CAGE LEAGUE TO RESUME ACTION

Two Games Originally Scheduled For Tuesday To Be Played Tomorrow

The Ouachita Valley Basketball league after rolling through the holiday, will return to action this week with games slated for the next four successive days.

The games tomorrow will be between the Pan-Am Oilers of Claiborne and the Green Parrots of Brown and Masse's Service and Archer, both on the Choudrant floor. The games were originally scheduled for Tuesday but all Choudrant games scheduled for Tuesdays will henceforth be played on Mondays, it was announced by Leo Hartman, league secretary. The same change in schedule applies to the Ansley Trojans, who play their home games in the Choudrant gymnasium.

The Green Parrots, sponsored by J. B. Simmons and managed by Jack Bagwell, will be making their first appearance in the loop this season, having taken over the franchise of the Hudnall Oilers of Monroe. However, members of the team played in the league last season as Brown, but were late getting in this year.

Manager Bagwell has announced that his probable lineup will be Carey Phillips and Clyde Evans, forwards; Frank Lawson, Anse Moore or Eli Shaver, guards, and Gene Demaret, center. In reserve the Parrots will have Fred Stone, Kenneth Holt, Frank Frickie and A. Salters.

Tuesday's regularly scheduled games will find Collinston facing the Armour Packers here and Kelly's Red Devils at Wisner.

On Wednesday night the Brown Green Parrots will make up a postponed game with Collinston at the Ouachita Parish High school gymnasium here. The Outlaws originally postponed the game with Hudall, but with the Parrots taking the Oilers' place they will play instead.

A New Year *New Hopes*

New Resolutions

--And a Time to Greet Our Friends

OUR fondest hope for the New Year is that all of our old warm friendships will be even more firmly cemented and that the number will increase to the limit made possible by the size of the community in which we serve.

OUR New Year's resolution is to expand and improve our service . . . even beyond the high records already established . . . even beyond the ambitious dreams of the founders of this business . . . beyond the limitations that ordinarily satisfy . . . and into that ultimate zone of perfection that is reserved for Men of Vision and for those with unbounded courage.

OUR greeting is a fervent wish that each of you will share with us the joy of doing an important job well; the pride that comes from living and working and placing one's faith in a splendid community; and the happiness derived from co-operation with one's neighbors.

Happy New Year

BELGIAN CONSUL SEEKS WHEREABOUTS OF WOMAN

In a letter received yesterday by Police Chief Frank Reizell of Monroe, A. Ronez, Belgian consul general at New Orleans, requested information regarding the whereabouts of a woman born in Belgium 82 years ago.

The letter follows:

"I have been asked by the Belgian embassy to ascertain the present whereabouts of one Francisca Vos, of Van Cauwenbergh, daughter of Melanie Vos, of Van Cauwenbergh, born at Rikkor, Belgium, on April 16, 1856. I should be much obliged if you would give me any information you may have regarding this party."

Police knew of no woman residing in Monroe or vicinity who possibly would be the woman whose whereabouts are sought, but were making inquiries regarding the matter.
